Introduction

The “Did You Know? – Introduction to Malay Culture and Heritage” pull-up banners introduces students to the Malay Heritage Centre (MHC) and some of the artefacts that are featured in the permanent galleries. Some of the artefacts highlighted includes the haj belt, the musical score of *Majulah Singapura*, and an image of a Baweanese community in Singapore. Available in dual language, this allows teachers the flexibility to design activities based on the content of these pull-up banners to make it more engaging for the students.
